ADDITIONAL LOCAL.

Farmers are sowing oats and barley.

The Southwest M. E. Conference meets in Wichita, on Tuesday, the 24th inst.

G. W. Whiteside of Ingalls is dangerously ill, and his recovery is doubtful.

A baby has been born at Excelsior Springs, Mo., with only one hand, the other being a perfectly formed foot.

Rev. D. E. Hoover, of Garden City, delivers a lecture on the "Brotherhood of Man," in the M. E. church, Monday night next.

The wheat is growing finely, though the snows have been light, and there is sufficient moisture to keep the plant growing.

M. V. Jones, late of Bucklin, orders the GLOBE-REPUBLICAN to his address at Pueblo. Mr. Jones intends starting a dairy in the smelter city.

The county is filling up quite rapidly with cattle, an indication that the crop of buffalo grass will be an important source of wealth the coming season.—Garden City Inquirer.

The candidates for councilmen and school directors are being sought for the election that occurs on April 7th. One councilman and one school director are to be chosen in each ward.

Mrs. C. M. Beeson and Miss Marion Beeson, of Dodge City, Kansas, visited at the home of their grandparents, Mr. and Mrs. Samuel Beeson, of Lascom, the first part of the week.—Marshalltown, (Iowa) Register, March 14.

The Syracuse Republican last week was conducted by the Ladies' Aid Society, Mrs. Jessie Moore and Mrs. Harriet Wensinger being managing editors. The surplus cash from this venture was for the benefit of the M. E. church.

J. Manley, of Wilburn township, on Monday, secured 2000 forest trees from the State Forestry, the finest, he says, he ever saw grown in a nursery. The trees were raised from seed. Mr. Manley says the wheat in his portion of the country is the best ever seen at this time of the season.

Mr. Wiley Anderson, Superintendent of our irrigating ditch, was in town Tuesday, and with foreman Hesson went to the head of the ditch and laid out what work was to be done the coming season. They expect to again put water into the ditch to supply the farmers who want it this coming season.—Ingalls Union.

Special dispatches to the Capital from points covering the entire state report a general snow fall, which lies evenly and is a God send to the growing wheat. In a few places the drop in temperature may injure the budding fruit, but the cold snap is timely in retarding premature development and in supplying moisture to the fields.

The ladies of the Woman's Foreign Missionary Society, of Dodge City, intend soon to give a literary and musical entertainment to raise money for use in preparing young men to engage in Foreign Missionary work. The Japanese students, now at Soule College, will take part. The program will be announced soon.

The Democrat's Bucklin correspondent speaks of "eggs, though being cheap are just as good brain food as ever." Some people ought to take advantage of the low price of eggs and put their mental pabulum in order, for a brilliant and exciting political campaign is in order. Scientists tell us that fish is not a brain nutriment. If eggs will do the business, we say eggs, since eggs are cheaper than fish.

The members of the Woman's missionary Society held a business meeting at the residence of Mrs. States, on Monday afternoon, and interesting proceedings were had. Mrs. H. Whitworth was selected as a delegate by the society to attend the annual session of the M. E. Conference at Wichita, on the 24th. The members expressed satisfaction over the results, and thanks to those who contributed to the liberal donations.

The total movement of wind at Lawrence, Kansas, during February, as shown by the report of the State University was 11,323 miles. The total movement of wind recorded at the Dodge Station, U. S. Weather Bureau, was 7350 miles. The highest velocity of wind at Lawrence was 55 miles an hour, on the 10th. At Dodge City, the highest velocity of wind was 37 miles an hour on the 29th. People who imagine that Western Kansas is more windy than the Eastern part of the State will be surprised at these figures taken from the records.

DON'T STOP TOBACCO.

How to Cure Yourself while Using it.
The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will notify you when to stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent interest. "Baco-Curo" is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Cured by Baco-Curo and Gained Thirty Pounds.

From hundreds of testimonials, the originals of which are on file and open to inspection, the following is presented: Clayton, Nevada Co., Ark., Jan. 28, 1895. Eureka Chemical & Mfg. Co., La-Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition. Yours respectfully, P. H. MARSHURY.

Pastor C. P. Church, Clayton, Ark. Sold by all druggists at \$1.00 per box; three boxes, (thirty days' treatment), \$2.50 with iron-clad, written guarantee, or sent direct upon receipt of price. Write for booklet and proofs. Eureka Chemical & Mfg. Co., La Crosse, Wis., and Boston, Mass.

Easter is a movable festival. The rule which has been followed in fixing its date each year is that it shall be the first Sunday after the 14th day (not the full moon), of the calendar moon, which happens on or next after March 21. The calendar moon is not the moon of the heavens, nor the moon of astronomy, but an imaginary moon for ecclesiastical convenience. Easter may come as early as March 22 or as late as April 25. This year Easter will be April 5, last year it was April 14.

THE CITY OF GOLD.

There's a city that looks o'er the valley of death,
And its glories can never be told.
There the sun never sets, and the leaves never fade,
In that beautiful city of gold!

UNOSUS—

There the sun never sets and the leaves never fade;
There the eyes of the faithful their Savior behold,
In that beautiful city of gold!

There the King, our Redeemer, the Lord whom we love,
All the faithful with rapture behold;
There the righteous forever shall shine as the stars—
In that beautiful city of gold!

Every soul we have led to the foot of the cross;
Every lamb we have brought to the fold,
Shall be kept as bright jewels our crown to adorn,
In that beautiful city of gold!

In that city of light where the sun never sets,
The inhabitants never grow old.
There no sorrow, no sickness, no death ever comes,
In that beautiful city of gold!

Go and teach ye all nations, the Savior's commands.
Whoever will, may come, we are told,
And be saved by His grace, share with us in His love.
In that beautiful city of gold!

Going forth in His name all our needs are supplied.
In this life we receive a hundred fold.
With rejoicing we come bringing sheaves for the Lord,
In that beautiful city of gold! E. H.

Your Boy Went Live A Month.

So Mr. Gilman Brown, of 34 Miles St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy went live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottle Free at W. F. Pine's Drugstore.

GOLD AT CRIPPLE CREEK

The Best Way to Get There is Over The Santa Fe Route.

The fabulously rich gold mining district of Cripple Creek, Colorado, is attracting hundreds of people. By spring the rush bids fair to be enormous. That there is an abundance of gold there is demonstrated beyond doubt. Fortunes are being rapidly made.

To reach Cripple Creek, take the Santa Fe Route, the only standard gauge line direct to the camp. Through Pullman sleepers and chair cars. The Santa Fe lands you right in the heart of Cripple Creek.

Inquire of the nearest ticket agent, or address G. T. NICHOLSON, G. P. A., A. T. & S. F. R'y, Monadnock Block, Chicago.

Not to be Trifled With.

(From Cincinnati Gazette.)
Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little in-judicious exposure and seemingly trifling symptoms. Beyond this, there are today countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by W. F. PINE.
